 - All applicants who have created a log in will be able to carry forward the information that they have previously entered. Applicants can log in with the same username and password used previously and will be able to select the information to be carried forward.
 - Information that CAN be carried over includes colleges and universities attended, coursework previously verified and the transcripts that correspond with these courses, official test scores, entered experiences and achievements, etc.
 - Information that CAN NOT be carried over includes letters of evaluation, payments, and program-specific information
- **I am no longer in touch with my evaluators. Can CASPA carry over my letters of evaluation?**

 - If your application was *not* verified in the previous cycle, you will be required to submit transcripts from each institution that you have attended.
 - If you completed additional coursework since the last cycle your coursework will need to be updated.
- You can find more information about reapplying to CASPA [linked here](#).

PROGRAM SELECTION

- Once you have created an account, you must select at least one PA school or college to which you will be applying.
 - **It is best to add all programs you are applying to at this point.**
 - You can always add more programs later or remove a program prior to submission of the application if you opt not to apply to this program.
 - Once you have added one or more programs to which you are applying, you will need to review the list of designations schools and colleges, and then advance to the application.
- View participating programs [here](#)

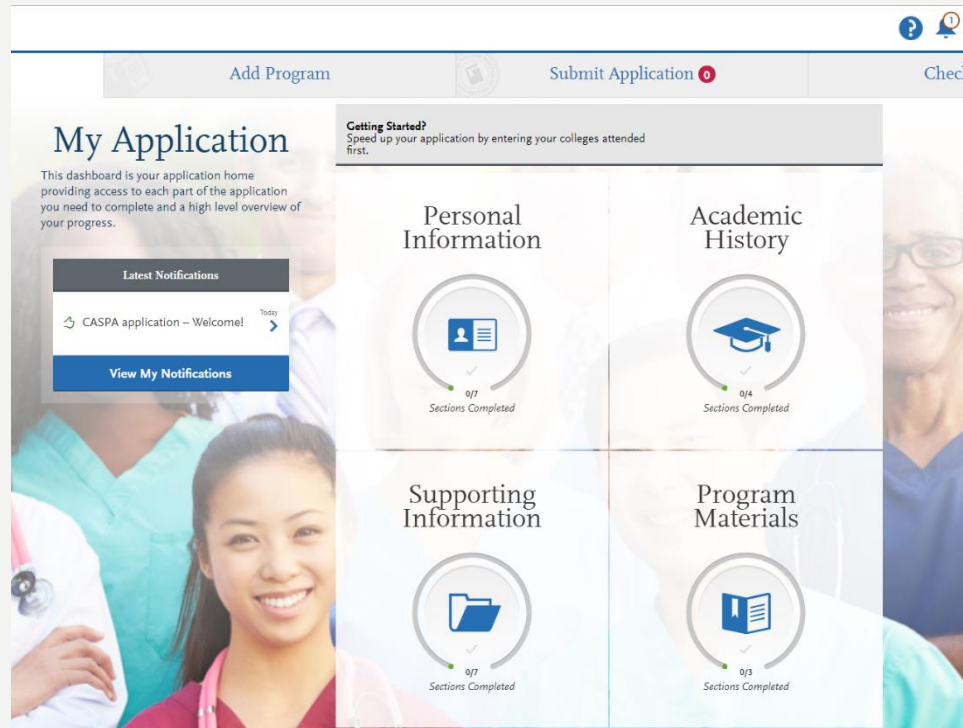

The screenshot shows the CASPA website's program selection page. At the top, the CASPA logo is on the left, and navigation icons (help, notifications, and sign out) are on the right. The main heading is "Select the Programs to Which You Want to Apply". Below this, there is a sub-heading and a paragraph of instructions: "Select at least one program to start your application. You can add additional programs from the Add Program List at any time. CASPA applicants apply to an average of 7 PA programs. Use the search filters below to locate programs by Organization Name, Start Term, Deadline and State. Some organizations may only allow you to apply to one program. If you select two, you will be asked to choose one." Below the instructions, there are two summary boxes: "APPLICATIONS READY FOR SUBMISSION" with a value of "0" and "TOTAL FEE(S)" with a value of "\$0". To the right of these boxes is a button that says "I am Done, Review My Selections". Below these elements is a dark grey filter panel with four dropdown menus: "Organization Name" (set to "Organization"), "State" (set to "All States"), "Deadline" (set to "DeadlineDisplay"), and "Start Term" (set to "Start Term"). At the bottom of the filter panel, there are three toggle switches: "Show Available Programs" (checked), "Past Programs" (unchecked), and "Future Programs" (unchecked). A "Reset Filters" button is located to the right of the toggles. Below the filter panel, the top of a table is visible with headers: "PROGRAM NAME", "LEVEL", "STATE", "START TERM", and "DEADLINE".

 - Each additional school: \$61
- Average applicant applies to 10 schools
 - 10 schools: \$733 (Under the Submit Application tab you can see the total cost before you confirm your application)

TRANSCRIPT PROCESS

An official transcript will need to be submitted to CASPA for each college entered in the Colleges Attended section.

The screenshot displays the 'Colleges Attended' section of a CASPA application. On the left, a progress indicator shows '3/4 Sections Completed' with a graduation cap icon. Below this is a sidebar with navigation options: 'Colleges Attended' (checked), 'Transcript Entry', 'Standardized Tests' (checked), and 'Professional Transcript Entry'. - Once you have entered a college attended, click the **Download Transcript Request Form** button. Each PDF form is unique to you and that college or university and is utilized for matching purposes
 - You will need Adobe Acrobat Reader to view/print the file.
- Do this for each college and provide it to the college registrar who will, in turn, attach to the official transcript.
- UGA uses Parchment. You will be able to order your transcript online through ATHENA and upload this PDF request form as an attachment
 - Other institutions may or not participate in an online system accepted by CASPA such as Parchment. If they do not utilize these online systems, a physical letter from the Registrar's Office of that institution will be needed.

TRANSCRIPT PROCESS @ UGA

In order to submit your UGA transcript:

1. Log into the **My UGA Portal**
2. Choose the Parchment Icon (“Order Transcripts”)
3. Once here, select **Transcript**

 - If you type in **CASPA** and it does not show up in the search bar, click on the blue link below that says, “**click to enter your own**” Here you will enter the CASPA mailing address.
5. You will need to include your Transcript Matching Form which you will download under “**Colleges Attended.**” You will attach that form in Parchment before you complete your transcript order through UGA.

Important Notes

- Remember DO NOT send your transcripts before the application opens.
- Due to mailing and processing times, transcript verification can take up to six weeks so make this the **FIRST** item on your checklist after creating an account on CASPA and entering your colleges attended.
- All transcripts **MUST** be sent to CASPA for each school you have attended (even dual enrollment). Only original, official (sealed, unopened) transcripts will be accepted. The application cannot be processed without official transcripts sent directly to:

TRANSCRIPT FAQ

- **Can I submit my application before my transcripts are received by CASPA?**
 - Yes. Once you have successfully filled out your application, you can submit to CASPA at any time. However, your application will not be processed until CASPA has received all your original transcripts and your payment.
- **If I have attended multiple colleges and transfer credit is listed on the transcript of my primary institution, do I still need to send a transcript from each school?**
 - Yes. You are required to send ONE transcript from each college you have attended regardless of the number of courses you have taken.
- **Do I need to send transcripts for planned or in-progress coursework?**
 - Not initially. You are only required to send transcripts covering all of your completed coursework. CASPA does not require transcripts labeled as “Planned/in-progress” at time of initial application. Please note that when you do complete these courses, though, updated transcripts can be submitted directly to the schools to which you are applying, or you can use the “Academic Update” period (typically Dec-Feb) to update this information in your CASPA application.
- **Can my designated programs view the transcripts I send to CASPA?**
 - Yes. The transcripts that you are required to send to CASPA are visible electronically to your designated program(s). Please note that upon a program’s request, you may still be asked to send an official transcript directly to the school.

TRANSCRIPT COURSE ENTRY

- After completing the **Colleges Attended**, **High Schools Attended** and requesting transcripts it is time to begin **Transcript Entry** of coursework
- Choose **Transcript Entry** and begin to add in coursework for each institution.
- Once you are finished entering each transcript, make sure to review your entries.
- For your FYOS course you will want to choose “special topics” as the subject.

TRANSCRIPT REVIEW: HONORS COURSES

- Indicate if you took any honors courses, which are generally college courses taken at an honors level. These are usually designated with an "H" in the course number on your transcript. Note that earning Latin honors upon graduation does not mean your courses are retroactively considered "Honors."
- If you took honors courses, select Yes and click Continue. Then, click the plus sign next to the courses. Be sure to only select courses that are clearly identified as honors on your transcript.

COURSEWORK ENTRY FAQ

Find out more
about coursework
entry here!

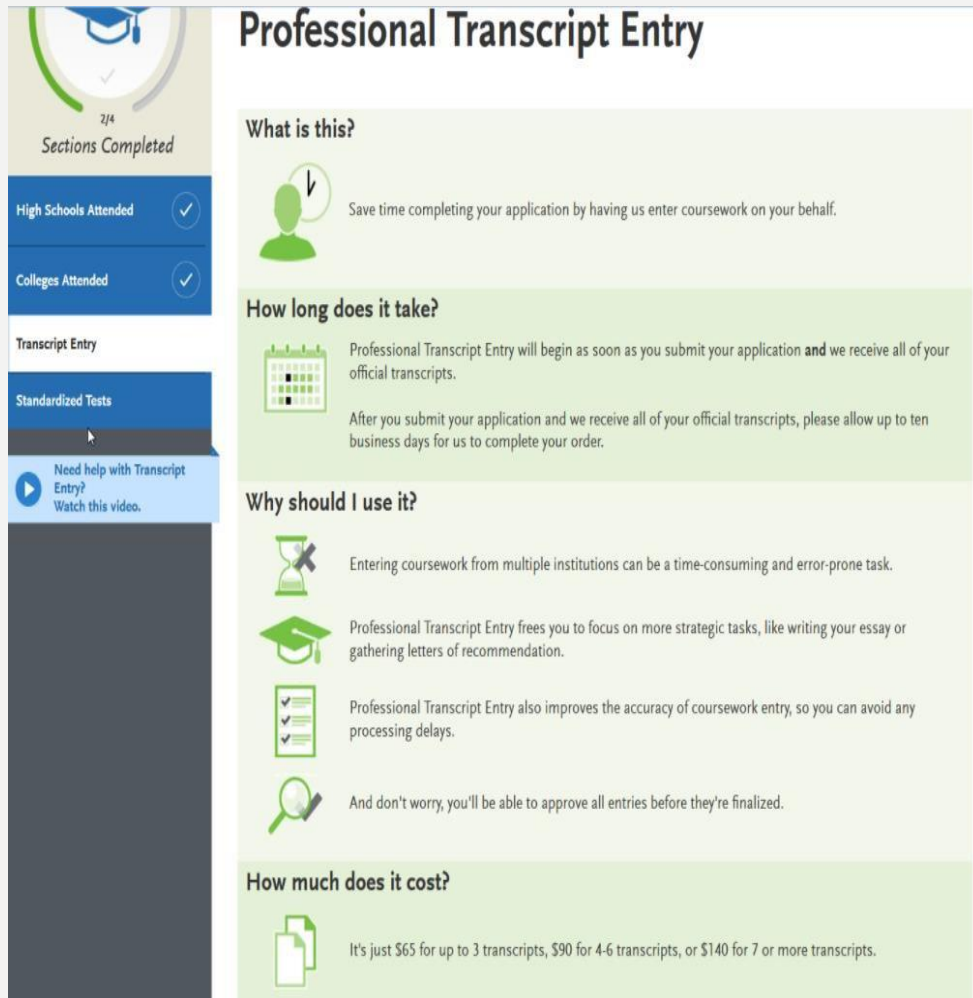

- **Do I need to include all of my courses on my CASPA application?**
 - Yes. All previous coursework must be listed (including repeated, failed and withdrawn courses). You must include the course title, department prefix and course number exactly as it appears on your official transcript. CASPA must receive an official transcript directly from the Registrar at each institution attended. Applications that do not include all courses listed on their transcripts will be put on hold until the discrepancy is resolved.
- **How do I list a lab?**
 - If the transcript lists labs separately, then they must be listed separately on the application as well. Record the lab as it appears on the transcript, with the title, prefix/code, number of credits, and grade given. If the transcript combines the lab/lecture courses into one class on a transcript, it should be reported as one entry on the application.
- **How do I report Advanced Placement (AP) credits?**
 - Please enter your AP credits under the first semester attended at the post-secondary institution where the AP credit was awarded. You will enter the test name and subject in the course title and prefix fields and the grade will be CR for credit. Please be sure to add the correct number of credit hours for the AP exam. CASPA does not require a copy of the AP test score report.

COURSEWORK ENTRY FAQ

- **I have taken courses outside the U.S. as part of a study abroad program. How do I list it in my application?**
 - Study abroad coursework should be listed under the U.S. institution that sponsored the program. All courses must be designated as “study abroad” during the transcript review process. DO NOT list study abroad coursework under a “Not Listed US/Canadian (foreign) Institution” or under the name of the foreign institution where you took the courses. A foreign evaluation is not needed for study abroad coursework.
- **How do I enter planned or in-progress terms and courses?**
 - List the school “Colleges Attended” section of the application. Make sure that the attendance dates entered for this school include the time period for in-progress or planned courses. For example, if the applicant is entering a planned Fall 2024 term, end date should include Fall 2024.
 - In the course work section, add the planned or in-progress term and year. Select “In-Progress/Planned” from the drop-down menu rather than “Completed.”
 - Enter the course information. The box for the grade will be grayed out so that nothing can be entered into it.
 - Add additional planned/in-progress terms if necessary.
- **Can I update my coursework after I e-submit my application?**
 - No. Once you have e-submitted your application to CASPA, no changes to coursework can be made until your application has been verified. If you e-submit your CASPA application before your Summer/Fall 2024 grades are available, there will be an Academic Update (AU) period in December-February, which will allow you to update your coursework. Arrange for your updated Summer/Fall transcript to be sent to CASPA as soon as it is available. You can only update your coursework once during the Academic Update period. An email will be sent to applicants when the Academic Update period opens.

*Note: As mentioned below, CASPA will only calculate grades **once** so any “in progress” courses listed will not be factored into GPA calculations viewed by programs*

STANDARDIZED TESTS

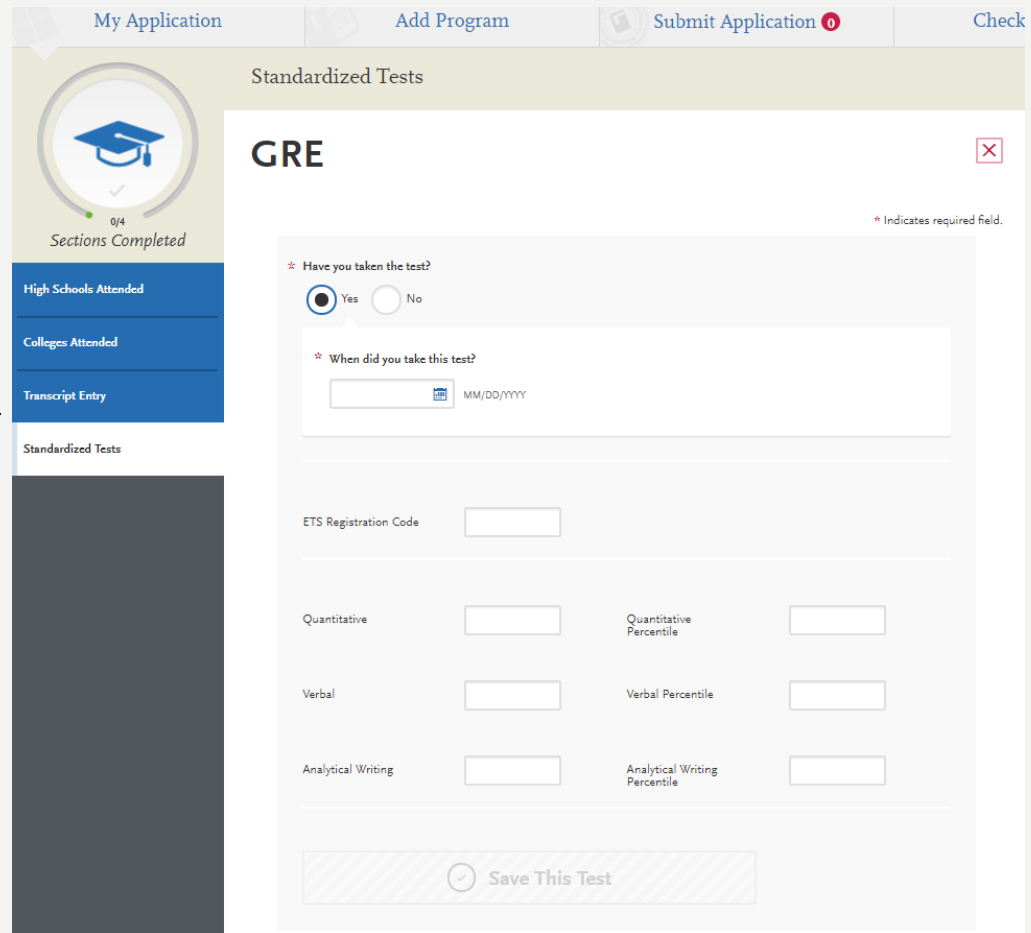

- Provide the date(s) of all taken or planned GRE administrations
- CASPA requires applicants to provide GRE (and in some cases MCAT/PA-CAT) scores in two ways:
 1. **Manually Self-Report Scores**: Use the official score report from the Educational Testing Service.
 2. **Sending Official U.S. GRE Scores**: When registering for the GRE, applicants can select any number of schools to receive the GRE score at no additional cost. It is strongly encouraged that an applicant selects ALL PA programs they plan on applying to. **There is an additional fee if schools are added at a later time.** The official score will be sent electronically to CASPA 3-4 weeks after the test date and the score will be shared with all the schools the applicant applies to.
 - Official GRE Scores are submitted electronically to CASPA directly from ETS using a special CASPA GRE code that is different for each program and different from the school's regular GRE code. Schools can only see scores that are sent with their code, so it is vital that program codes are entered correctly. View GRE program codes for CASPA [here](#)
- *NOTE: Official GRE scores from ETS can be received by CASPA at any point during the application cycle, even after your application is submitted or verified; however, some programs may have a deadline by which they want your scores posted. Once your official GRE scores are attached to your application, they cannot be removed.*

- An 'ETS Registration Code' input field.
- A 'Save This Test' button at the bottom.

A small red asterisk icon indicates required fields.

STANDARDIZED TEST FAQ

- **How do I check if my official GRE scores have been received?**
 - Once official GRE scores are imported into your profile, they will be viewable on the in-progress PDF available to applicants. To view the PDF, you should go to the Check Status tab of your application and click the download button next to each program selection.
- **I took the test more than once. How many scores are reported to CASPA?**
 - All test attempts should be disclosed to CASPA
- **I applied to CASPA last year and sent in my GRE scores then. I haven't re-taken the test; do I need to resend my GRE scores?**
 - No, if you are reapplying to the same schools since this information can be carried over to your new application. If you are applying to new schools, though, submitting your scores to these new program codes will be necessary
- **The CASPA application opens in April, but I took the test before April. Can I send in my scores early? How early?**
 - Yes, you can send in the score up to two years before you create an application. If your score was sent more than two years ago, it should be resent.
- **Do I have to take the CASPer test?**
 - Many schools are beginning to ask for the CASPer test which aims to give insight into an applicant's non-cognitive skill set, e.g., inter- and intrapersonal skills like empathy, ethics, and professionalism. You can obtain more information [here](#).

EVALUATIONS

- **Important considerations:**

- **Evaluations must be submitted electronically by evaluators** using the Evaluator Portal.
- **Research each program's requirements.** You should determine whether your programs have specific requirements regarding reference roles or relationships before listing evaluators on your application. Many programs have strict guidelines and completed evaluations cannot be removed or replaced.
- **Prepare your evaluators.** Once you choose your evaluators, be sure to inform them about the process and that they will be completing the evaluation electronically. We recommend getting their preferred email address and asking that they monitor that inbox for your evaluation request (which will come from caspaifo@caspaonline.org), including any junk or spam folders.

 - Due date
 - Personal message/notes.
 - Waiver of evaluation
- Indicate the date by which the evaluation needs to be submitted based on the earliest PA school deadline date (4 weeks prior to earliest deadline is recommended).

EVALUATIONS

- Once a reference is completed on the CASPA application, it cannot be removed or replaced.
- Once evaluators are selected, be certain to inform them of the process and that they will be filling out the reference electronically. Obtain their preferred email address and make sure they are monitoring their email inbox for the request email.
 - If an incorrect email address is entered for an evaluator, you must delete the request and then re-add it with the correct email rather than being able to edit it
- It is NOT necessary to wait until your evaluators have uploaded a letter to submit your application.
- For each evaluation, the applicant must select whether to waive their access to the evaluation. **ALWAYS waive your right to read this letter.**

EVALUATIONS

- When an applicant saves an evaluation request, the evaluator will receive an email request to complete the evaluation.
- The email will include a link to an online portal where the evaluator can complete the rubric, upload a letter, and submit the information.
- The rubric will address the criteria listed to the right
- CASPA does not provide a prompt or set of characteristics to include in the letter
 - Evaluators are encouraged to provide information about the applicant's academic ability, character, time management skills, among other items deemed important.
 - It is recommended that the letter be on letterhead and include a signature.

EXPERIENCES

- For each experience, choose the category that you think best fits the experience.
- *Note that since each program's definitions and requirements vary, CASPA has no specific preference as to which category you choose.*
 - These categories are broadly based on feedback from various PA programs and are not a comprehensive list of every type of experience.
 - Your experience's individual job description and responsibilities should determine the category you select; however, it is not guaranteed that your experience will be accepted by every program in the way you categorize it.
- If you have any questions about your experiences fulfilling an individual program's prerequisite requirements, **contact that program directly.**

EXPERIENCES

- For each experience, you will be required to include:
 - The name and address of each organization
 - Information about your supervisor at the organization
 - This is a person that programs can contact to verify your experience(s).
 - If the experience was a student-organized group and there was no specific advisor, list a member who could verify your experience
 - The date or date range in which the experience took place

 - A description of key responsibilities
 - This space can also be utilized to explain what you have learned in each experience. Up to 600 characters.
