Important Details

- The OTCAS Application opens July 21st
- Record your username and password in a secure and convenient location.
- Print your completed application for your records before submitting it to OTCAS. Do not send the printed application via mail.
- Make sure to apply based on individual program deadlines

Helpful Application Tips

- Do not enter your coursework from memory – use your transcripts!
- Do not wait for OTCAS to receive all materials before submitting your application.
- Complete the "Colleges Attended" section of the application first. OTCAS cannot post transcripts to your application until this step is done.
- Consistently check status of your transcripts, references, test scores, and any forms.
- Arrange for all materials to arrive by the deadline.
- Check your email daily for important messages from OTCAS and programs.
- Review your application for accuracy before submitting the application.

Before Starting the OTCAS Application

- Prior to applying you will want to research programs you wish to apply to.
- Pay special attention to:
 - Cycle dates and deadline requirements. In some instances, the individual program's deadline may differ from the application's cycle dates.
 - Application fees. Some programs may have a supplemental fee; contact your programs to learn if they require this and how to pay it.
 - Evaluation requirements.
 - Minimum requirements, including prerequisites, standardized test scores, supplemental applications, foreign evaluations, etc.

A Note About Etiquette

A Note About Etiquette

- OTCAS expects all applicants to exhibit professionalism when contacting customer service. Applicants must identify themselves properly and honestly, as information cannot be provided to parents, spouses, family members, or friends. Misrepresentation of identity and/or dishonest, threatening, or offensive communication will not be tolerated.

Fees

- OTCAS charges \$150 for the first program you apply to and \$65 for each additional program.
- Some programs may have an additional supplemental fee; contact your programs to learn if they require this and how to pay it.

Fee Waivers

Fee Assistance Program

- Beginning at the start of the cycle, a limited number of fee waivers are provided to qualified applicants on a first-come, first-served basis. Each fee waiver covers only the initial application fee, so if you wish to apply to additional programs, you are responsible for the remaining balance. If you received a fee waiver during a previous cycle, you may still apply for another in the next cycle.
- You may request a fee waiver as soon as you create an application, but keep in mind that fee waiver funds can be quickly depleted. Contact customer service at [617-612-2860](tel:617-612-2860) before you submit a fee waiver request to determine if waivers are still available.

Fee Waivers

Qualification Requirements

- To qualify for a fee waiver, you must have either:
- Filed a 2020 Federal Income Tax Return Form 1040 with an adjusted gross income that falls below the Low-Income Level listed below, or
- Been listed as a dependent on a filed 2020 Federal Income Tax Return Form 1040 with an adjusted gross income that falls below the Low-Income Level listed below. **If you were claimed as a dependent by a parent or guardian on their 2020 Federal Income Tax Return, OTCAS requires you to use that individual's Federal Income Tax Return instead of your own.**
- Additionally, you must request a fee waiver **before** you submit your application. Requests received after an application has been submitted will not be honored.
- If you are approved for a fee waiver, you are required to submit your application within 14 days (including holidays and weekends). Extensions will not be granted; failure to submit your application on time will void your fee waiver and you will not be allowed to reapply for a waiver.

Selecting Programs

Before Selecting a Program

- **Check the program's deadline requirements.** Ensure you have enough time to apply. Determine if OTCAS or your program requires evaluations, transcripts, or other supplementary materials – if so, these must be received prior to the deadline for your application to be considered complete. Once your application is complete, it can take up to 10 business days to be verified.
- **Confirm your eligibility.** Research the program and determine if you are eligible to apply. Contact the program directly if you have any questions regarding your eligibility. We do not verify prerequisites and requirements, so it is your responsibility to ensure you are eligible.
- **Confirm that the program still has seats available.** Some programs fill their classes prior to their posted deadline, even if they do not specifically state they offer rolling admissions. We strongly encourage you to contact your programs and ensure seats are still available before submitting your application. We cannot offer refunds if a school you selected has already filled its class, nor can we transfer the payment to another program.

Selecting Programs

Selecting a Program

1. Click **Add Program** at the top of the application home page.
 2. Use the filters to locate the programs you are interested in applying to.
 3. Click the plus sign next to a program to add it to your program list. If you want to remove a program and only have one selected, you need to add the second program before you can remove the first one.
 4. Continue adding programs as desired.
 5. Begin filling out the application. Before submitting, be sure to review your program list to make sure you are applying to all your intended programs.
- Note that by submitting your application, you are committing to applying to your selected programs. You cannot substitute or remove submitted programs after submissions. Additionally, we do not offer refunds for selections made in error and we do not transfer payments to another program.
 - After submission, you can continue to add and apply to programs.

Deleting Programs

- You can remove a program(s) at any time prior to submitting the application; however, any information entered in the **Program Materials** section will be lost and cannot be retrieved or transferred. Information in the **Personal Information, Academic History, and Supporting Information** sections will be retained for any programs to which you choose to submit.
- Once you submit your applications, you cannot remove any programs. To withdraw yourself from consideration for admission to a program, contact the program directly. Note, however, that OTCAS does not offer applicant refunds for any reason.
- **Note that your application must always have at least one program selected. If you want to change or remove a program prior to submission, be sure to select a new program first.**
- **From the Add Program Page**
 1. Click **Add Program** at the top of the page.
 2. Click the checkmark next to the program name.
 3. Click **Delete** to confirm.

OTCAS Academic History

- This section is where you input the colleges you attended. Additionally, you can provide information about tests you have taken or plan to take, such as the GRE or TOEFL.

High School Attended

1. Click **Add Your High School**.
2. Enter the name of your high school, the city and state where it is located, and the graduation date, if applicable.
 1. If you attended multiple high schools, only list the high school where you graduated and received a high school diploma from.
 2. If you attended a high school outside of the United States, select **International** from the **States** drop-down.
 3. If you received your GED, please list GED as the name of the high school you attended and the city/state which awarded your GED degree.
3. Click **Save This School**.

Colleges Attended

Requirements

- **Report all institutions attended regardless of their relevance to the programs you are applying to.** Failure to report an institution may cause your application to be undelivered. This can significantly delay the processing of your application. Report all institutions attended, including but not limited to:
 - courses taken in high school for college or university credit
 - summer courses
 - community college courses
 - US military academies (note that this does not include courses on SMART or JST transcripts)
 - post-baccalaureate, graduate, and doctoral work
 - study abroad, Canadian, and foreign work, etc.
- **List all institutions on your application** even if the coursework completed there was transferred to another institution.
- **Report each institution only once**, regardless of the number of degrees earned or gaps in the dates of attendance.
- **Send official transcripts** for each institution.

Colleges Attended

Adding a College or University

1. Click **Add a College or University**.
2. Type and select your college or university. It may take several tries to find your school, especially if it shares its name with others or could be spelled differently. For example, if you attended "Saint John's University," you may need to try "Saint John," "St. John," or "St John" (no period) to bring the school up on the list. If you exhausted all options and it does not appear, select **Can't find your school?**
3. Select if you obtained (or plan to obtain) a degree from the selected institution.
 1. If you earned or plan to earn a degree, provide details about the earned or expected degree.
 2. If you have a double major, select the checkbox to enter your second major. Note that you can only enter one minor.
 3. Click **Add another Degree** to add additional degrees for this same college or university.
4. Select your college's or university's term system. You can usually find this on the back of your official transcripts, or you can contact your college's registrar.
 1. Term system refers to the type of hours your credits are worth, not the length of the term or how many terms a year your college or university offered.
 2. If your transcript lists some courses as quarter and others as semester, enter the term type that is most common (i.e., if you have six quarter terms and two semester terms, enter quarter).
5. Select if you are still attending your institution. Enter dates of the first and last (if applicable) terms you attended. Be sure to only enter each college or university you attended once, regardless of gaps in your attendance there.
6. Click **Save** to complete the entry.

Colleges Attended: Transcripts

- For each college or university entered, click **Order** and select if you are ordering electronic transcripts (recommended) or submitting a transcript via mail. See [Sending Official Transcripts to OTCAS](#) for more information.
- Note that if you attended a foreign college or university – and depending on your program's requirements – you may be required to send a foreign evaluation. See [Sending Official Transcripts to OTCAS](#) for more information.

Transcript Entry

Requirements

- Enter all the coursework you completed at all US and English Canadian colleges or universities attended. See **Foreign and French-Canadian Transcripts** and **Study Abroad or Overseas US Transcripts** for guidelines on foreign coursework. Note the following:
- Reporting coursework accurately is your responsibility. Since credit values, grade values, and course subjects vary widely from school to school, your programs need some type of standardization so they can accurately compare applicants. This standardization is achieved by using your coursework to create a standard set of GPAs, ensuring you are compared to other applicants fairly and equally.
- Complete the **Colleges Attended** section before entering your courses.
- Report all courses on your transcripts, not just prerequisites. Be sure to include courses from which you withdrew, repeated courses, ungraded labs, test credits, gym courses, orientations, or other non-graded courses.
- Use official copies of your transcripts. Coursework must exactly match your official transcripts; don't use an unofficial version, like a printout from your school's website. List your courses under the correct term, year, and class level. Department prefixes and course numbers must precisely match those on your transcripts.
- Enter courses under the institution where you originally took the course, exactly as they appear on the original school's transcript. Don't list courses under the school in which the credits were transferred. You may need to go back to your Colleges Attended and add a school to enter the transfer credits for.
- Note that if you don't want to enter all your coursework yourself, our specialists can enter it for you for an additional fee. See the **Professional Transcript Entry Service (PTE)** topic for more information.

7. Click **Save**.
8. Continue adding terms, as needed.

Academic Status Definitions

- **Freshman-Senior:** Applies to all college- or university-level courses taken prior to your first bachelor's degree. In general, four-year students should list one year per designation and five-year students should list their last two years as senior. Non-traditional students should label their terms as evenly as possible in chronological order.
 - Dual enrollment courses (college courses taken during high school) are considered Freshman and should be listed under the college where you took them. Do **not** report these courses again as transfer credits at your undergraduate institution.
- **Post-Baccalaureate:** Applies to undergraduate level courses taken after your first bachelor's degree is earned. If you earned a second bachelor's degree, that is considered post-baccalaureate.
- **Graduate:** Applies to master's degree- and doctorate degree-level work only, regardless of whether the degree was earned. Work such as that taken in pursuit of a Ph.D, MD, PharmD, JD, JurisD, LL.D, DC., etc. are considered doctorate degree-level.

Transcript Entry: Entering Courses

Enter Courses for a Completed Term

1. Click **Add A Course** under the appropriate term.
2. Enter the course code. Department prefixes and course numbers must exactly match what appears on your official transcript.
3. Enter the course title. You can abbreviate it if it does not fit in the text box.
4. Select the course subject. If you're unsure, make your best guess; our team will help you if it doesn't match.
5. Enter the course credits exactly as they appear on your transcript. See the **Course Credits** section below for more details.
6. Enter the grade exactly as it appears on your transcript, including any pluses or minuses.
 1. If your grades are listed as "BA," "CB," or "DC," you must list them as "AB," "BC," and "CD" in order for the system to recognize them.
 2. If your grades are listed as numbers (e.g., 93), enter them exactly as they appear on your transcript. They will automatically convert to the equivalent CAS letter grade.
7. The **CAS Grade** populates automatically. This allows us to standardize your coursework for all programs and cannot be edited.
8. Click **Save**.
9. Continue adding courses, as needed.

Transcript Entry: Entering Courses

Enter Courses for an In-Progress or Planned Term

- You should enter any courses that you are currently taking or plan to take in the near future. This is not required, but is strongly recommended, as some programs require it. Note, however, that any term containing In Progress/Planned courses cannot be marked as complete; the entire term must be marked as In Progress/Planned. Contact your programs to determine if they require planned or in-progress coursework to be listed. Once you complete in-progress courses, you can update them in the application.
1. Make sure that you selected **In Progress/Planned** for the term you're listing the course under. This alerts the system that you aren't required to enter a grade for this course.
 2. Enter the course code.
 3. Enter the course title. You can abbreviate it if it does not fit in the text box.
 4. Select the course subject. If you're unsure, make your best guess.
 5. Enter the expected course credits. Depending on the format of your credits, you may need to convert them. See the **Course Credits** section below for more details.
 6. Click **Save**.
 7. Continue adding courses, as needed.

Transcript Entry: Narrative Transcripts

- If your institution uses a narrative transcript, enter your coursework as described above. If the transcript lists "suggested" credits and/or grades, be sure to enter those as well; otherwise, list the course credits as "0.0" and the grades as "Pass."
- Your programs will see the list of classes you took, along with a copy of the official narrative transcript that you submit.

Transcript Entry: Course Credits

Semester, Trimester, and Quarter Credits

- If your course credits are mostly in "3.0," "4.0," or "5.0" format, then your transcript is listing normal semester, trimester, or quarter credits and no conversion is necessary. Enter the credits exactly as they appear on your transcript.

Unit Credits

- If all of your course credits are listed in "1.0" or "0.50" format, then your transcript is listing credit units and you need to perform a conversion. Check the back of your transcript for a conversion ratio, which will say something like "1 unit is equivalent to 4 semester hours."
- If there is no conversion on the back of your transcript, contact your registrar's office to determine the conversion ratio. Then, convert the credits by multiplying the number of units listed on your transcript by the conversion factor. For example, if your conversion is 1 unit = 4 hours and your transcript lists 1 unit for a course, you would enter 4.00 credits on your application. If 0.50 is listed, you would enter 2.00.
- Review **OTCAS Grade Value Charts** to view some Canadian institutions' unit conversion ratios.

Transcript Entry: Course Credits

Lab Credits

- If your transcript lists labs separately, you must list them as separate courses on your application as well. Record the labs exactly as they appear on your transcript. If your transcript combines lab and lecture courses into one course, list it as one course on your application.

Test Credits

- You can only list test credits if they were awarded by one of the schools you attended and they appear on your transcript. Test credit types include Advanced Placement (AP), International Baccalaureate (IB), CLEP, DANTE, Regents, and courses you "tested out of" at college or university. List these credits under your first term at the school that awarded you the credit and enter "CR" as the grade. If no course prefix or number appears on the transcript, enter "N/A" for Not Applicable.
- Be sure to designate these test credits appropriately in the Transcript Review section (below).

Transcript Entry: Course Types

Once you enter and save all your courses, click **Review & Finalize My Transcripts**. Your next step is to designate specific courses as study abroad, Advanced Placement, repeated, etc. You must complete Transcript Review before you can add prerequisites in the Program Materials section.

Primary College

- Identify your primary undergraduate institution. This is typically considered the college or university where you earned (or will earn) your first Bachelor's Degree. If no degree is planned, select the college or university where you completed the majority of your undergraduate coursework.

Repeated Classes

- Indicate if you repeated any of your courses. Courses should only be marked as repeated if you repeated them at the same institution (i.e., you retook the course for a higher grade). Withdrawn courses, courses taken at different schools, and courses taken multiple times for new credit (i.e., school band, physical education, etc) are not considered repeated.
- Record full credit values and grades for all repeated courses. OTCAS is required to include all repeated courses in GPA calculations, regardless of an institution's or state's academic forgiveness policies.
- If you repeated courses, select **Yes** and click **Continue**. Then, click the plus sign next to the repeated courses for each college or university you attended.

Transcript Entry: Course Types

Advanced Placement Credit

- Indicate if you received Advanced Placement (AP) credit on the College Board Advanced Placement Exams for any of your courses.
- If you received AP credit, select **Yes** and click **Continue**. Then, click the plus sign next to the advanced placement courses. Be sure to only select courses that are clearly marked as AP on your transcript.

Other Test Credit

- Indicate if you received credit for tests other than the AP exam, including International Baccalaureate (IB), CLEP, DANTE, Regents, or Institutional/Departmental exams (i.e., courses you "tested out of" at college or university).
- If you received test credits, select **Yes** and click **Continue**. Then, click the plus sign next to the courses. Be sure to only select courses that are clearly identified as test credits on your transcript.

Transcript Entry: Course Types

Honors Courses

- Indicate if you took any honors courses, which are generally college or university courses taken at an honors level. These are usually designated with an "H" in the course number on your transcript. Note that earning Latin honors upon graduation does not mean your courses are retroactively considered "Honors."
- If you took honors courses, select **Yes** and click **Continue**. Then, click the plus sign next to the courses. Be sure to only select courses that are clearly identified as honors on your transcript.

Study Abroad Courses

- If you studied abroad, indicate the courses you took as part of your institution's study abroad program. Refer to the Sending Transcripts section for more information.
- If you studied abroad, select **Yes** and click **Continue**. Then, click the plus sign next to the courses.

Professional Transcript Entry Service

Overview

- If you prefer not to enter all your coursework yourself, the Professional Transcript Entry Service (PTE) specialists can enter it for you for an additional fee. This service is only available for completed coursework from accredited schools. Coursework from unlisted schools, foreign coursework, and planned/in-progress courses are ineligible for PTE and must be entered by you.
- Note that the PTE specialists only enter the information listed on your official transcripts and do not correct errors for coursework you have already entered. If you entered coursework and made a mistake or did not report an institution, these errors will be communicated to you during the verification process, at which point it will be your responsibility to correct them.
- Please refer to the **Refunding/Withdrawing Your Application** page for further payment policies.

Fees

- Fees for PTE are as follows:
 - 1-3 transcripts: \$75
 - 4-6 transcripts: \$100
 - 7 or more transcripts: \$150
- These fees apply only to coursework entry and are in addition to regular application fees. Fee waivers and coupon codes are not available for PTE. Additionally, your PTE payment cannot be transferred to another cycle (e.g., re-applicants, applicants applying in multiple cycles, etc.).

Professional Transcript Entry Service

1. Enter any coursework that is **not** eligible for PTE.

Before the PTE process can start, you must enter any coursework that is ineligible for PTE. Ineligible coursework includes planned or in-progress courses and courses taken at unlisted US schools. We cannot enter these courses on your behalf and they must be entered by you before you pay for PTE.

Note that once you make your PTE payment, you will be unable to enter any additional planned/in-progress courses until the verification process is complete.

2. Send us your official transcripts.

We must receive all required transcripts before PTE can begin. See **Sending Official Transcripts to OTCAS** for more details. Monitor your application to ensure your transcripts are received. On average, it takes up to five business days from the date we receive your transcripts to post them to your application. Once your transcripts post, you will receive a confirmation email and you can view your transcript receipt dates on the **Check Status** tab.

3. Sign up and pay for PTE.

Click **Tell Me More** at the bottom of the **Transcript Entry** page and follow the prompts to sign up for PTE and enter your payment information. Payments are non-refundable and can only be made online via credit card. After making your payment, you can continue adding colleges attended for PTE until you submit your application. You cannot add any colleges attended for PTE once your application is submitted or during the Academic Update period (if applicable).

4. Submit and complete your application.

Before PTE, you must submit and pay for your application. Once your application is submitted and we receive your transcripts, we will begin work on your application within 10 business days. Note that applications are placed in line for PTE on a first-come, first-served basis.

Professional Transcript Entry Service

Turnaround Time

- Once all the requirements are met, it may take up to 10 business days for transcript entry to be completed. Your application will not be given a Complete Date and moved into the verification queue until your coursework entry is approved, at which point it can take up to an additional 10 business days to be verified. Please keep these turnaround times and your program's deadline requirements in mind. We are not responsible for missed deadlines due to PTE procedures or turnaround times.

Reviewing and Approving Your Coursework Entry

- You will receive a notification once your PTE is complete. You should then review the coursework entered by the PTE specialists to ensure it is accurate and approve the entry. You should also match your coursework to any required prerequisite courses in the **Program Materials** section before approving the entry.
- If you find any issues with the coursework entry, email customer service to determine how to proceed. Wait for corrections to be confirmed and implemented before approving the coursework entry.
- Once you approve your coursework entry (and complete all other application requirements), your application is given a Complete Date and placed in line for verification. Be sure to approve your coursework in a timely manner to avoid any delays in processing your application.
- If you reapply in a future cycle, your PTE coursework will only carry forward if you submit your application and approve the PTE coursework entry in the current cycle.

Standardized Tests

- You can self-report your Standardized Test scores or report tests you plan to take in the **Standardized Tests** section. Some of the programs you apply to may require you to report certain test scores; be sure to check with your programs to ensure you are completing all requirements.

Supporting Information

The screenshot shows a mobile application interface for 'Supporting Information'. At the top left, there is a circular progress indicator with a folder icon and a checkmark, labeled '0/7'. To its right, the title 'Supporting Information' is displayed in a large font, with the subtitle '0/7 Sections Completed' below it. A red 'X' icon is visible in the top right corner of the header area. Below the header, a vertical list of menu items is shown on a blue background:

- Evaluations
- Observation Hours
- Experiences
- Achievements
- Licenses and Certifications
- Documents
- Release Statement

On the right side of the screen, there is a blurred background image of a person's head and shoulders. At the bottom right, there is a blue circular icon with a white speech bubble, and a timestamp '10:40 AM' is visible at the very bottom edge.

Letters of Recommendation

- You must have a minimum of **3 requested evaluations** in order to submit your application. You may enter a maximum of 5.
Once you have saved an electronic evaluation, an email request will automatically be sent to the evaluator on your behalf. Please advise your evaluator to look for this email in their inbox, as well as their spam or junk-mail folder, as emails do occasionally get filtered out.
- In this section, you can send requests for evaluations. Evaluations (sometimes called Letters of Evaluation, Letters of Reference, or Letters of Recommendation) are submitted by the evaluators themselves via **Letters by Liaison**, our recommender portal; they cannot be completed or submitted by the applicant or another party on behalf of the evaluator.
- You can edit and delete requests that are in Requested or Accepted status. Once a request is Completed, you cannot make any changes regardless of whether you've submitted your application or not.

Observation Hours

- Add any observation hours that you have in this section. Check the **Program Materials** section or contact your individual programs to learn their program-specific requirements. OTCAS does not review or determine if you meet your program's minimum observation hour requirements
- Once you submit your application, you cannot edit previously entered observation hours, but you can add new observation hours.

Experiences

- You may update the information in this section at any time prior to submission. Once you have submitted, you will be able to add more Experiences, but you will not be able to update or delete completed Experiences.
- Enter your professional experiences in several categories, or types, in this section.
- Once you submit your application, you cannot edit previously entered experiences, but you can add new experiences.

Experiences

- In this section, you can enter your professional experiences in several categories, or types. Review the definitions, consider the duties you performed, and choose the category that you think best fits the experience.
- **Note that since each program's definitions and requirements vary, OTCAS has no specific preference as to which category you choose.** These categories are broadly based on feedback from various occupational therapy programs and are not a comprehensive list of every type of experience. Your experience's individual job description and responsibilities should determine the category you select; however, it is not guaranteed that your experience will be accepted by every program in the way you categorize it.
- If you have any questions about your experiences fulfilling an individual program's prerequisite requirements, contact that program directly.
- Although you can enter any experiences that you believe are relevant to your application, we recommend focusing on those experiences within the last 10 years and at the collegiate level and above. Enter only current and in-progress experiences (not planned experiences), and check your program's requirements regarding documentation.
