Welcome!

The University of Georgia Pre-Professional Advising Office welcomes you to our annual Health Professions Fair! We are excited to have a wide variety of health programs covering every corner of the healthcare world—including allopathic and osteopathic medicine, dentistry, optometry, veterinary medicine, occupational and physical therapy, anesthesiologist assistant, physician associate, nursing, pharmacy, podiatric medicine, public health, speech pathology, biomedical sciences, clinical laboratory science, chiropractic care, and much more. We believe this will be a wonderful opportunity for our students to learn more about the different healthcare career options available to them and the various programs offered by the visiting schools. Likewise, the fair serves as a unique opportunity for the programs to meet with our students. We are very grateful to these programs for taking the time to visit the University of Georgia.
