AMCAS

APPLICATION WALKTHROUGH

2025-2026

UNIVERSITY OF **GEORGIA**

DO YOUR OWN RESEARCH

This presentation is meant to serve as a resource during this application cycle.

- It does **NOT** cover all aspects of the application, so you must do your own research!
- Review the <u>AMCAS Applicant Guide</u> for more detailed information.
 - Also use the <u>AMCAS Application Workbook</u> to help you complete your application.
- You can also contact AMCAS for further assistance (please read FAQ first):
 - Phone: 202-828-0600 (applicant inquiries only)
 - Email: <u>AMCAS@aamc.org</u>
 - Hours of operation: Monday Friday* (9:00 am 7:00 pm Eastern Time)

AMCAS verification process may take up to six weeks after your application, transcripts, and payment are received. **SUBMIT EARLY.**

AMCAS Opening Checklist

- AMCAS Opens: May 1, 2025 at 9:30AM EST
- Before this date, you should have:
 - Completed all pre-MCAT prerequisite courses listed on the <u>Pre-Med Quick Facts Sheet</u> and have a plan to complete the rest of the required prerequisite courses for all medical schools that you wish to apply.
 - Taken or scheduled the MCAT.
 - Asked your evaluators to write letters of recommendation and discussed the letter submission process with them.
 - Made significant progress on your personal statement (5300 characters max).
- Compiled your resume to help with filling out the Work/Activities section.
- Read the <u>Applicant Guide</u> for AMCAS.
- Updated your browser since AMCAS recommends you use the most up-to-date versions of Firefox or Google Chrome.

AMCAS Submission Checklist

- AMCAS can be submitted starting: May 27, 2025
- You do not have to submit on this day, but you are highly encouraged to submit during the first week in June.
- Do not submit a rushed application but do submit early.
- Before this date, you should have:
- Taken or scheduled the MCAT. You can submit the AMCAS application without your MCAT score being in.
- Asked your evaluators to write letters of recommendation and discussed the letter submission process with them. You can submit the application even if all your letters of evaluation have not yet been submitted.
- Ordered your transcripts.
 - Wait for UGA Spring 2025 grades to be in, but do not wait on Summer 2025 grades. (Request on or after <u>May 14,2025</u>)
- Completed your personal statement (5300 characters max) and filled out all other parts of the application.

Why does early submission matter?

- **Verification:** The verification process can take 4-6 weeks, so you want to submit as soon as possible to get this started.
 - Verification is about transcripts and GPA calculation. In order to start verification, you must submit your application with the payment and have your transcripts in.
 - You do not have to wait for your MCAT score to be in to submit.
 - You do not have to have all of your letters of evaluation in to submit.

Rolling Admissions: Most medical schools have rolling admissions which basically means first-come, first-served.

If you apply early, schools can review your application sooner and before seats have started to fill up which is advantageous. If you are applying later, then you will be competing against more applicants for fewer seats.

"Apply early" does not mean apply through the Early Decision Program (EDP). It means submit your application as soon as you can in June. Learn more about EDP <u>here</u>.

Submission FAQ

How much does it cost to submit the AMCAS application?

- The 20 AMCAS application costs \$175 and includes the first medical school designation. Each additional designation is \$47.
 - Example: If you are applying to all four medical schools in Georgia, then you would pay \$316 (\$175 + \$47+ \$47+ \$47).
 - Please note: This is for the primary application only. Schools have secondary applications as well which come with their own fees.
- The AAMC has a Fee Assistance Program (FAP) which aids with application expenses, includes access to MSAR, and waives a portion of the MCAT registration fee (if in place prior to MCAT registration). FAP is not retroactive and must be in place prior to a student submitting their application if they are hoping for a fee waiver. They will not reimburse for any money already spent. Learn more about the Fee Assistance Program <u>here</u>.

I don't know my MCAT score yet, and I don't want to waste money...

If you know you are applying this cycle, then still submit in early June to start verification, but only submit for one school or maybe a few that you feel comfortable with. You can add more schools once you see your score and then your <u>verified</u> application can be sent to them right away.

Submission FAQ

What date is too late to take the MCAT if I still want to be early?

- Ideally, you want to have taken the MCAT by mid-June, but late-June is still okay especially if it means a higher score. Remember that MCAT scores come out a month after the test date, so late-June test scores come out late July.
- The first transmission date for applications to medical schools in on June 27, 2025. This is the first time they'll get applications. You want your MCAT scores to come in close to that date if not before.
- Please note: You should not rush the MCAT. There is no benefit to forcing an early MCAT date if you cannot get a good score.

I'm doing X, Y, Z in May. Is it too late to get a letter from that person?

- No, but it's cutting it close. Ideally, you want all your letters of recommendation in by early June. However, in practice, they should all be in by around mid-July. Remember that medical schools use these when evaluating who they will interview, and interviews start in August/September.
- You can submit your application without all your letters being in.

Submission FAQ

What can I change after submission?

- Your ID numbers.
- Your name, including full legal name, preferred name, and alternate names.
- Your contact Information, including your permanent address, preferred mailing address, and e-mail address.
- Your alternate contact information.
- Your date of birth and sex.
- Letters of evaluation (although please note that you can only make additions of up to 10 letters, and you must notify AMCAS if you have a letter you wish to no longer be sent to medical schools; you cannot delete letters of evaluation from your application).
- Your next MCAT testing date.
- The addition of medical schools and the altering of existing program types (deadlines, restrictions and an additional fee may apply).
- The release of your application information to your pre-health advisor.

You must re-certify and officially update your application after making a change. This will not cause any processing delays, and you will not be charged unless you have added more medical school designations.

REAPPLYING TO AMCAS FAQ

- I applied to AMCAS last year and would like to reapply. What information can be carried over to my current application?
 - If you submitted a previous year's application and did not withdraw it, most of the information you entered will "roll over" to the current application. Although your information will roll over, the Main Menu will show all sections of your new application as "Incomplete". You must go through each section and confirm that the information is still correct. When you verify that information and click "Continue" at the end of each section, the Main Menu will show that section as complete. We suggest you print your application from the previous year to see what you submitted.
 - Please note: References will not be carried forward for any applicants. Transcripts will not be carried forward.
- I am no longer in touch with my evaluators. Can AMCAS carry over my letters of evaluation?
 - No. Under NO circumstances can AMCAS carry over any of your letters of evaluation from a previous application. These must be resubmitted for the new cycle.
 - If you have stored your letters in Interfolio, you can re-upload those letters to AMCAS. If you did not use Interfolio, you will need to reach back out to your letter writers or request new letters.
 - Please note: It is always in your best interest to refresh your application if you are reapplying. This means adding new letters and/or requesting updated letters from previous letter writers.

Do I need to resend all the transcripts I had sent last year?

Yes, you will need to resubmit official transcripts and letters of evaluation to AMCAS for each application cycle you apply.

Schools Attended Section

- You must enter the high school from which you graduated.
- You must enter any college at which you have ever taken a course regardless of whether the credits were transferred, no credit was earned, you withdrew from the course, or you just don't like the grade you earned. This includes, but is not limited to:
 - Your primary institution: UGA
 - Your dual-enrollment institution
 - The school from which you transferred
 - Any school at which you took transient summer courses
 - Your post-bacc or Master's institutions(s)
 - Your study abroad school/program

Note: If you have ever taken a post-secondary course anywhere other than at your home institution, taken foreign coursework including a study abroad course or taken any military course work, you must add these schools to our application. This includes college courses taken while in high school and courses taken at another institution even if credit was transferred.

Schools Attended Section: Primary Institution

- Start by entering your primary institution (the one you're graduating from or have graduated from): University of Georgia
 - Program Type: Undergraduate.
 - There will be two boxes listed the institution name; make sure they match each other.
 - Do you want to release this information to the Pre-Professional Advising Office? Selecting yes helps us to better advise you as you are going through the application process.
 - **YES**, you need to provide a transcript for UGA.
 - Indicate which degree you are earning, major(s), and minor(s).
 - Spanish and other languages are under Foreign Language-not the official language.

Applicant Signature

Date

Please enclose this form with the applicant's official transcript(s) when mailed to AMCAS.

A transcript will be rejected and possibly returned by AMCAS under any of the following conditions:

- · The Registrar's seal and/or signature is missing.
- · The transcript is stamped "Issued to Student" or "Student Copy" etc.
- · The official transcript was received directly from the student.
- · The official transcript is for the wrong student, or the name on the transcript differs from that on this transcript request form.
- · The official transcript is illegible.
- · A PDF eTranscript was sent by an institution not approved to send AMCAS electronic transcripts.

- To request a transcript from UGA Registrar's Office, please follow the instructions at <u>reg.uga.edu/transcripts</u>. Transcripts are requested electronically.
 - Current students can go to Athena -> Student -> Transcript & Enrollment -> Request Official Transcript -> This will take you to Parchment.
 - Select "Transcripts." Search for "AMCAS." Select the only result. You will have a spot on the request page to upload the transcript request form. When you hit "continue," you will be prompted to enter your AAMC ID and the transcript ID as well. eTranscripts are accepted and encouraged. (See next slide.)
- All transcripts MUST be sent to AMCAS for each school you have attended (even dual enrollment). Only original, official transcripts will be accepted. The application cannot be processed without official transcripts sent directly to:

AMCAS, Attn: Transcripts, AAMC Medical School Application Services

P.O. Box 57326, Washington, DC 20037

Three things to ensure you successfully match your transcript to your application:

- **1.**List the institution in the **Colleges Attended** section.
- 2. Make sure you download the **Transcript Request** form for each institution that requires a transcript.
- **3.**Request transcripts as soon as the application opens, but make sure that spring grades are in before requesting the UGA transcript.

NOTE: Please list any alternate names used such as nickname, maiden name, or name variance in the Alternate Name field under the Identifying Information section of the application.

- It is your responsibility to monitor your application for transcript receipt.
 - AMCAS will **NOT** notify applicants concerning missing transcripts.
 - If it has been longer than 10 business days since the transcript was mailed and it has not been posted—resubmit. The status of all transcripts can be viewed in the My Document Statuses section of the homepage.

TRANSCRIPT FAQ

- Can I print one transcript request form and send it to all the colleges I attended?
 - No. Each institution attended has a unique transcript matching form created specifically for that institution.
- If I have attended multiple institutions, do I need to send a transcript from each school?
 - Yes. All applicants are required to send ONE transcript from each institution attended regardless of the number of courses taken.
 - Yes, you must send dual-enrollment transcripts and transcripts for transient summer courses.
 - Yes, you must report <u>all college coursework regardless of whether it was required for your degree, and have a corresponding transcript sent.</u>
- I have transfer credits that appear on my primary transcript. Do I still have to send a transcript from the transferring institution?
 - Yes. AMCAS requires an official transcript from every institution attended.
- What should I do if my transcript(s) are not received by AMCAS?
 - If it has been longer than 10 business days since the transcript was mailed and it has not been posted resubmit. The status of all transcripts can be viewed in the CHECK STATUS tab.

COURSEWORK ENTRY STEP-BY-STEP

- Obtain an unofficial transcript for each college-level institution you have attended. Use the transcript and the <u>UGA</u> <u>Bulletin</u> to complete this section.
- Complete the "Schools Attended" section.
- Entering Coursework:
 - Enter coursework only under the institution at which it was taken.
 - Ex: Your dual enrollment courses should only go under your dual enrollment institution even though those credits were transferred in and are on your UGA transcript.
 - In general, four-year students list one year per designation and five-year students list their last two years as senior.
 - Students who graduated in three years can list freshman, sophomore and then senior.
- Summer semester are considered the start of the next academic school year, not the end of the previous as most institutions see it. (i.e., Summer 2019 is the beginning of the 2019-2021 school year, not the end of the 2018-2019 school year).

| Note: Please be sure to enter all course(s) in the correct academic year and academic term. If you applied during the previous cycle and your courses appear out of order, please do not be concerned. This will not impact your application processing time as long as your courses appear in the correct academic year and academic term. |

COURSEWORK ENTRY STEP-BY-STEP

 For every course entry, you will enter the academic year, academic term, year in school, course number, course name, course classification, credit hours, and transcript grade. You will also indicate if the course was a lecture, lab or combined lecture/lab.

- CHEM 1211 \rightarrow Lecture Only
- CHEM 1211L → Lab Only
- PHYS 1111 → Combined Lecture and Lab

Classify the course based on its content. Use the <u>AAMC course Classification Guide</u> for assistance.

For example:

- If your FYOS was "*Revolution and War*" then classify it as "History."
- If your HONS 4960H course was for you working in a microbiology lab, then classify it as "Biology."

Add Course

Please be sure to enter all course(s) in the correct academic year, academic term, and year in school to avoid delays in application processing time.

Reminder: The AMCAS year begins with summer and ends with spring. Courses taken in the summer should be entered with the next academic year, even if your institution considers them in the previous academic year. For example, if you took a course in the first summer session of 2016, you should enter it as the 2016–2017 academic year, even if your school considers it in the 2015–2016 academic year.

COURSEWORK ENTRY: AP Credit

Did you have your AP scores sent to UGA via College Board?

• For students who started at UGA as Freshman, the answer is probably yes. You can confirm this on your unofficial

- If so, enter the coursework under UGA in the coursework section under the term in which it was granted. (In the case above, that would be Summer 2015.)
- If you retook the course at UGA, then the AP credit and the course at UGA should be marked as a "Repeated" course
- Remember: AP credit should be entered as "Freshman" and not "High School."

COURSEWORK ENTRY: AP Credit

- Did you have your AP scores sent to the institution you attend prior to transferring to UGA?
 - Transfer students do not always have their AP scores sent from College Board to UGA. Instead, they were sent to the first institution which the student attended (GGC, GSU, etc.) and on the transcript appear as transfer credit from that institution.

| Fall 2015: | Kennesaw State U | | | | | | | |

| BIOL | 1107 | Principles of Bio I | к | 3.000 | | | | |
| BIOL | 1107L | Prin Biol I Lab | к | 1.000 | | | | |

If that is the case, make sure you enter the AP credit under the school that granted it (in this case Kennesaw).

Exempt credits from AP?

If you have any course that were exempt due to your AP credits, such as Math 1101, you must still enter that course into your application. EX will be the grade and the credit hours will be zero. Select the box that says "Exempt".

COURSEWORK ENTRY: IB Credit

• IB is entered the same was as AP under the school which awarded course credit.

COURSEWORK ENTRY: Double Dawg

- How you enter your Double Dawg coursework will depend on whether an individual graduate level course is counting for your undergraduate degree or not.
 - If you are unsure which courses count for the undergraduate and graduate degrees, contact your academic advisor.
 - If you have enrolled simultaneously in undergraduate and graduate programs (e.g., bachelor's/ master's dual degree):
 - The graduate-level coursework will count toward a graduate degree and should be listed under graduate status at the time the courses were attempted. The undergraduate-level coursework should be assigned the appropriate undergraduate status (FR, SO, JR, SR).
 - Remember: If you are a Double Dawg, you should have listed UGA in the "Schools Attended" section twice: once for the undergraduate degree and a second time for the graduate degree.
 - Any course that counts for the graduate degree will go under the graduate school entry while and course that does not will stay under the undergraduate level entry.
 - You may have a single semester split between the two entries, and that's fine.
 - If you have enrolled in a dual-degree program and the graduate-level coursework will count toward both the graduate and undergraduate degrees:
 - The graduate-level coursework should be listed under both the appropriate undergraduate and graduate academic statuses.
 - This means *list it twice*. Once under the undergraduate UGA entry just like the rest of your undergraduate coursework, and a second time, under the graduate UGA entry.

COURSEWORK ENTRY FAQ

Do I need to include all of my courses on my AMCAS application?

Yes. All previous coursework must be listed (including repeated, failed and withdrawn courses). You must include the course title, department prefix and course number exactly as it appears on your official transcript. AMCAS must receive an official transcript directly from the Registrar at each institution attended. Applications that do not include all courses listed on their transcripts will be put on hold until the discrepancy is resolved.

How do I enter repeated courses?

If you repeated a course at the same institution, enter both courses into the coursework section. Enter the grade received for each course Both attempts will be calculated in your final GPA. Designate all attempts of the course as "Repeated".

Can I update my coursework after I e-submit my application?

Case-by-Case basis. AMCAS requires you to review verified coursework and GPA information. If you find discrepancies or you disagree with changes made during the verification process, you may submit an Academic Change Request for review by AMCAS. After the review, the request is either granted or denied. The Academic Change Request option is available in the Quick Links tile of the Main Menu.

Will AMCAS calculate my GPA with a +/- system?

AMCAS will calculate your GPA using whatever grading scale the undergraduate institution that you took the course at used (UGA uses a +/-, so any courses taken at UGA will keep their +/- grade). AMCAS will standardize grades to make sure that their calculation has a fair comparison amongst all applicants. See <u>AMCAS Grade Conversion Chart</u> for reference.

Work/Activities

Applicants use the **Work/Activities** section to provide detailed information about 15 extracurricular or co-curricular experiences.

- Applicants should record experiences obtained <u>during college</u>.
- Confusion may arise as to what experience to list under which heading. For example, you completed a summer program that included both physician shadowing and research where should that go? It's up to you. Select the option which you think best fits the experience, and which highlights what you want to emphasize from it.
- You do not need to have 15 things listed. You do not want to list fluff on the application, but make sure you are giving yourself credit for your work even if it's an activity that is not clinically related (e.g., part time job.)
- It is okay to combine some things into one entry. For example, if you shadowed 4 physicians for 10 hours each, then each physician does not warrant their own entry. Instead listed them all under one, listed one as the contact, and the list the others in the description box.
 - You will have 700 characters to describe each experience. Do not rehash content already covered above in the form section.
 - What is the organization/activity?
 - What did you do, specifically? –Make sure you have space to talk about the next point.
 - What did you learn? (<u>AAMC's list of Core Competencies</u> can be very helpful here.)

What about Committee Letters?

- The University of Georgia does not offer committee letters or letter packets. Below is the official wording you can use if ask why you do not have a committee letter.
 - Each medical school will have their list of required individual letters they accept if you do not have a committee letter. This will not hurt you in the application cycle since we do not offer one.
- As of January 2016, the Pre-Professional Advising Office will no longer serve as a repository/submission service for letters of evaluation to medical school. Additionally, UGA does not offer committee letters. Due to our large student population, we would be unable to provide each medical school applicant with a quality letter.

Letters of Evaluation/Recommendation

- Contact each letter writer to confirm they will author an evaluation and to obtain their preferred email address.
- It is NOT necessary to wait until your evaluators have uploaded a letter to submit your application.
- First, create entries for your letter writers in AMCAS. This step is mandatory.
- You can have up to 10 letters in AMCAS, but you do not need to have that many. Indeed, many schools will set their maximum lower.
- You will be able to assign individual letters to schools in the "Medical Schools" section.

A maximum of ten (10) letter entries may be created. Letter entries may be added and assigned to medical schools after you have submitted your application. However, once you have submitted your application, existing letter entries cannot be edited or deleted; they can only be marked "No Longer Being Sent".

Important Information about Letters:

- You may submit your application before creating letter entries in this section.
- You may submit your application prior to letters being received by AMCAS.
- Letter deadlines are established individually by each medical school, so check their websites for deadline dates.
- Letters sent to AMCAS cannot be released to applicants or letter authors under any circumstances, and are provided only to medical schools that are participating in the AMCAS Letter Service.
- Re-applicants should note that letters received by AMCAS do not rollover to later application years, so advise your letter authors to keep a copy of their letter.
- The AAMC publishes a list of guidelines for letter of evaluation authors. A link to the guidelines is on the Letter Request Form you will provide to your letter authors.

* You must contact schools that do not participate in AMCAS Letters to determine their letter of evaluation requirements. AMCAS will not forward your letters to these schools. See the list of participating schools.

Watch "How to Add Letter of Evaluation Entries & Assign them to Medical Schools" Tutorial

Note: Your letter writers must send your letters through AMCAS if you are applying to one or more schools participating in the AMCAS Letters Service.

Please create one letter entry for each Committee letter, Individual letter, or Letter Packet being sent to AMCAS. Most medical schools participate in the AMCAS Letter Service. Please review additional information about letters of evaluation.

Add Letter of Evaluation/Recommendation

Many medical schools determine whether or not an applicant has met their letter of evaluation/recommendation requirements by the type of letters they receive in support of an application. For example, a medical school may require a committee letter OR three individual letters in support of your application.

Please review the AMCAS Applicant Guide for more information about Letters of Evaluation

Please identify the type of letter you wish to enter. If you are uncertain as to the type of letters provided by your school/institution, please ask your pre-health advisor or career center prior to answering this question.

Committee Letter:

A committee is a letter authored by a pre-health committee or pre-health advisor and intended to represent your institution's evaluation of you. A committee letter may or may not include additional letters written in support of your application. A Committee Letter is sometimes called a composite letter.

Letter Packet:

arphi A packet or set of letters assembled and distributed by your institution, often by the institution's career center.

Individual Letter

An individual letter refers only to a letter authored by, and representing, a single letter writer. If you have already included an individual letter within either a committee letter or letter packet, you do not need to add a separate entry for the individual letter.

Select a meaningful Letter Title, as you may need this title later to identify a letter. For example, if this letter were from the University Of X, with a primary contact of John Doe, and you intend to have this letter sent only to MD/PhD programs, you might create a title of "UX_Doe_MD_PhD".

You can name your letter. If you don't create a name, it will just be listed by the letter writer's name. Pick something that will allow you to identify each letter.

Select "Individual Letter."

X

UGA does not issue committee letters, nor do we compose letter packets as of January 2016. If you have a packet assembled prior to that date and would like it submitted, please follow the instructions <u>here</u>.

LETTERS OF EVALUATION

- Fill out this section carefully.
- Remember that while this section can be updated after submission, getting a letter writer deleted after submission requires contacting AAMC. Make sure you are communicating with your letter writers to ensure that they will submit the letter on your behalf.
- AMCAS <u>will not</u> email your letter writers with a letter upload link.
- When you hit "save" it will prompt you to generate a letter request form. You do not have to do that at this time, and can click no if you are bulk entering your letter

Reminder

To ensure your letters are matched correctly with your application, we ask that
there is a supervised by the AMCAS Letter Barnet Form. Diverse provide this

they be accompanied by the AMCAS Letter Request Form. Please provide this form to the person who will be sending your letter(s) of evaluation. This form must accompany letters being mailed to AMCAS. If your letters will be delivered electronically through AMCAS Letter Writer Application, VirtualEvals, or Interfolio, the AMCAS Letter ID number must be included in the electronic transmission in order for the letters to be matched properly to your application.

At any time, you can return to the Letters of Evaluation section of the application and print the Letter Request Form or save it as a PDF file so you can email the form directly to the person who will be sending your letter(s) of evaluation.

Interfolio & AMCAS

- Interfolio is a paid service that will store your letters indefinitely and allow you to upload them to AMCAS.
- As soon as you create an account, you can enter letter writer information and they will receive an e-mail from Interfolio with a link to the upload page.
- Interfolio has a step-by-step guide on <u>their website</u> for how to upload letters to AMCAS. (You will need the individual letter IDs as well as your own AAMC ID.)

How do I request a letter of recommendation?

Dossier makes it easy to manage your letters of recommendation.

- Start by filling out the request form
- Dossier sends an email to your recommender
- Your recommender gets a link and uploads the letter

Once the letter is uploaded, you'll be able to use Dossier to deliver it to any opportunity.

Your requested letters will appear in this section, and you will be able to see the status of each request.

- **Remember**: Select the 2025 AMCAS cycle which picking where to have your letters send in Interfolio.

What does it mean to waive my right to access the evaluation?

You relinquish your access to the provided letter. If you do not waive that right, the evaluator will know that you have access to read it. ALWAYS waive your right to access.

How can I view my evaluations?

AMCAS cannot allow you access to your evaluations, nor can applicants view their evaluations during the AMCAS process. If you have not waived your right to access your evaluations, once you have matriculated to a school or college of medical, you may be able to then review your letters at that time and at the discretion of the institution.

Can I change my waiver to view my recommendation?

- No. Once an evaluation has been received by AMCAS, the waiver cannot be changed.
- Must I wait for my evaluations to be complete before submitting my application?
 - It is not necessary, nor is it suggested, to wait until your evaluators have uploaded their letters to submit your application.

PROGRAM SELECTION

- Once you have created an account, you must select at least one medical school or college to which you will be applying.
 - It is best to add all programs you are applying to at this point. You can always add more programs later on or remove a program prior to submission of the application if you opt not to apply to this program. Once you have added one or more programs to which you are applying, you will need to review the list of designations schools and colleges, and then advance to the application.
 - If you are applying EDP to a school, you will not be allowed to add any additional schools until EDP decisions are made (October) and only if you have been rejected.
 - This is where you can indicate dual-degree programs (MD/PhD, etc.)

SCHOOL SELECTION

- **1** school: \$175
 - Each additional school: \$47
- Average applicant applies to 15-20 schools

APPLY EARLY!

- Since medical school acceptance is done on a rolling basis, applicants who submit early are more successful in being invited to interviews and considered for scholarships first. Please note that there are exceptions.
- Once your application becomes complete (application submitted and all official transcripts received) it can take 4 6 business weeks for your application to be verified.
- Suggested to have application submitted within the first week of submissions being open.
- Which schools should I be looking at? -- The ones you are competitive for, primarily.
 - This will vary among students based on academic record, MCAT, interests, etc. Contact the <u>Pre-Professional Advising Office</u> to discuss this further if you have specific questions.
 - Usually, applicants will select any schools that their metrics are on target with and apply to a few schools above and below their metrics.
 - MSAR is a great resource to see where you might be a competitive applicant.
 - **Remember**: Residency can factor heavily into admission. Public schools tend to recruit heavily from their own state. When you are selecting your schools, keep this mind.

PERSONAL STATEMENT

- 5300 characters including spaces
- Describe what inspires your decision for becoming a physician, including your preparation for training in this profession, your aptitude and motivation, the basis for your interest in medicine, and your future career goals.
 - Traits to express are motivation, academic preparedness, articulate, socially conscious, and knowledgeable about medical.
 - AAMC Core Competencies
 - Do not rehash your resume and do not repeat what you wrote for your "Most Meaningful" experiences from work/activities.
- If you are applying for MD/PhD, you will have two additional essays to complete:
 - MD/PhD Essay (3000 characters) Give your reason(s) for wishing to pursue the combined MD/PhD degree.
 - Significant Research Essay (10,000 characters) Describe your significant research experiences in detail.

Consider and write your Personal Comments carefully; many admissions committees place significant weight on this section. Make sure you proofread carefully because no changes may be made after you submit your application What information should I consider including in my personal comments?

Use the space provided to explain why you want to go to medical school.

MCAT SECTION

- The MCAT is required by all schools and colleges of medical.
 - All MCAT exams that you have taken and for which you have received scores will be automatically released to AMCAS. Before you submit your application, you must ensure that all the MCAT exams for which you have received scores are listed in this section. AMCAS allows you to self-report your planned test date
 - Please note that this does not include any exams you voided at the time of the exam.
- If you have not yet taken the MCAT exam or have not yet received a score for a recently taken MCAT exam at the time you submit your application, it is very important that you include in your application the test dates for upcoming or recently taken MCAT exams. If you do not do so, medical schools will have no way of knowing that they should expect (additional) MCAT scores from you. Be sure to keep this section current after you submit your application!

DEADLINES

Who determines deadlines?

Deadlines are determined by the individual programs, NOT BY AMCAS. It is the applicant's responsibility to research each program's deadline requirements before submitting their application.

Am I able to request a deadline extension?

The AMCAS application will not allow you to apply to a program once its application deadline has passed. If the deadline has passed and you are not able to apply, you should contact the school directly to request a deadline extension. If your request is approved, the designated school will notify AMCAS to allow you to submit your application after the deadline.

What will happen if my transcripts arrive after the program deadline date? Will AMCAS process my application?

AMCAS will continue to process your application even if the transcripts are received after the deadline. However, you will need to check with individual schools to see if they require all materials by the deadline date or will accept some materials after the deadline date.

• Will schools have the same deadline?

 No, each school has its own deadlines. You can find these deadlines in the My Programs section of AMCAS.

SUBMIT APPLICATION

- Once all of the sections are complete, an applicant can pay and submit their application.
- An application can be submitted before the receipt of official transcripts; however, it will not be officially verified until these documents are received.
- Once an application is complete (submitted and all transcripts are received), it begins the verification process (i.e., standardized GPAs are calculated, and transcripts are reviewed for errors).
- All applicants are encouraged to submit the application well in advance of posted deadline dates as medical schools admit students on a rolling basis.
- So you know how many elements are completed and to gauge your progress, AMCAS provides an icon entitled "Sections Completed" for each category. While this is helpful, you are advised to communicate with your designated programs after submitting your application to verify that your application is in fact considered complete by their program.

MANAGE YOUR APPLICATION

Once the application is submitted and paid, the application is locked, and most sections cannot be updated for the remainder of the application cycle. Check <u>Post-Submissions Actions</u> for reference.

The only sections that can be updated are:

- ID numbers
- Name, including Legal Name, Preferred Name, and Alternate Names
- Contact Information, including Permanent and Preferred Mailing Addresses
- Alternate Contact
- Birth and Sex
- Letters of Evaluation (addition of no more than 10 letter entries and notification to AMCAS of a letter no longer to be sent)
- Next MCAT test date
- Addition of medical schools and change(s) to existing program type (deadlines, fees, and restrictions apply)
- Release of application information to your pre-health advisor
 * You must re-certify and officially update your application after making any changes. This will not cause any delays or extra fees unless adding on additional schools.*

GOOD LUCK!

COVID-19 FAQs

What do I do if several of my experiences were cut short due to the pandemic?

- Medical schools understand that these experiences were cut short or cancelled due to the virus, so they will take that into consideration. Schools may focus on your involvements in previous semesters as a basis.
 - Also, they will look at what you did during this time as well. If you were able to do some volunteering, remote research, or work during the pandemic, this will also be taken into consideration.
- In your work and activities section you can mention how the experiences you have been planning for have been cut short. If you were continuing the same activity or type of activity over the summer, you can mention its cancellation in the work and activities section as well.
- Many schools may ask about these activities in their secondaries, so this is another opportunity to share what you had planned.
